IAP COVER SHEET

June 2000

1. Incident Name Cougar Ace	2. Operational Period (Date / Time) From: 08/03/06-0800 To: 08/04/06-0800	INCIDENT OBJECTIVES ICS 202-OS
---------------------------------------	---	--

3. Overall Incident Objective(s)

Ensure the Safety of Citizens and Response Personnel

Control the Source of the Spill

Manage a Coordinated Response Effort

Maximize Protection of Environmentally-Sensitive Areas

Contain and Recover Spilled Material

Recover and Rehabilitate Injured Wildlife

Remove Oil from Impacted Areas

Minimize Economic Impacts

Keep Stakeholders and Public Informed of Response Activities

4. Objectives for specified Operational Period

Continue development of Salvage plan and execute it with Unified Command approval

Continue Place of Refuge (POR) process and gain concurrence recommendation

Develop and impliment tow plan in support of POR and salvage plan *w/ emphasis ON TOW TRANSIT TO BERING SEA.*

Verify potential resource impact areas based on tow vessel trackline to POR

Develop logistics support for POR

Continue near shore enviromental impact priorities plan in vicinity of POR and trajectory

Identify and check availability of resources needed for response tactics and equipment at POR

Enviromental unit to produce Job Aid that identifies sensitive areas along way, including areas preferable to take vessel

Prepare community of Dutch Harbor as possible POR

5. Safety Message for specified Operational Period

Safety Reminders

For ICP Personnel

Please remember the following:

1. Exercise care when navigating the ICP; there are lots of power cords and comm. cables on the floor. Most are secured, but there is still a trip potential.
2. Exits are at the left rear of the room near the JIC table. Turn right when leaving the Command Post and proceed down the stairs to the street (6th Ave). Muster location is the east parking lot.

For On Scene Personnel

1. Exercise care when operating on the Cougar.
2. Utilize all safety precautions, especially safety lines when working on deck, outside, on in confined spaces.
3. Monitor the atmosphere in spaces periodically, and prior to making entry or working within.
4. Observe the communications and emergency action protocols as presented in daily briefings.
5. Use the buddy system, watch out for each other.

Buck McKibben, Safety Officer
