

An aerial photograph of a coastal area with various overlays. A dashed black line outlines a 'CONTROL ZONE'. Inside this zone, a red hatched area is labeled 'SPILL CENTER' with a line pointing to its coordinates: 'LAT- N 70° 15.924'' and 'LONG- W 148° 20.798''. A magenta arc is labeled 'BOOM'. Two blue rectangles are labeled 'DECON'. A black line points from the 'DECON' label to the spill center coordinates. A black line points from the 'SCAFFOLDING' label to a blue rectangle. The text 'W.S.' is written in blue in the upper right. A north arrow is on the left.
